## I AM HERE TO OFFER

high professional expertise, intelligent and responsible attitude and excellent quality for a competitive price.

## I AM SEEKING TO

work remotely on such projects as design and/or layout of books, brochures, flyers, magazine pages etc. Another type of project I am particularly interested in is design, developing, and support of small-scale sites based on WordPress. Ideally, I am expecting to engage in small and medium-scale projects (not "the last minute" ones!).

## MY ADVANTAGES INCLUDES

- wealth of knowledge and experience in working with complex multipage publications in different languages (including Hebrew, Arabic, Chinese and Japanese)
- high degree of accuracy and absolute attention to detail (detail-driven design)
- well organized professional performance and strong commitment to deadlines
- extensive experience in remote working with clients all over the globe experience managing multiple projects at once
- quick acquisition of new professional skills and knowledge
- tech-savviness and deep understanding of tendencies in the world of design and internet
